Mechanical/steam milk foam, with hot/cold options.

IMPRESSIVE HOURLY OUTPUT

HOT + COLD MILK

STEAM WAND

WHY HC-A28

01
PERFECT ESPRESSO

An 8-22 g brewing chamber, controlled by an electronic filling pressure device, helps to create a large number of single-cycle beverages, ensuring consistent and stable quality.

02
BARISTA MICROFOAM

Dual mechanical/steam system options deliver consistent steam output, enabling simultaneous milk heating and frothing during coffee extraction

03
DUAL BEAN HOPPERS

Dual bean hoppers, each with a 1 kg (2.2 lb) capacity, provide 2 kg (4.4 lb) of total bean storage.

CORE SPECIFICATIONS

Model	HONEYPRESS™ HC-A28
