HONEYCOMB
BEVERAGE TECHNOLOGIES™

HONEYPRESS™ HC-J37 | **FRESH MILK + STEAM + POWDER**

BREW A BRIGHTER TOMORROW

HIGH VOLUME, MADE SIMPLE.

A high-capacity, fully automatic coffee machine designed for hospitality and high-traffic spaces, with hot and cold fresh-milk foam plus steam.

~180 CUPS/DAY | HOT + COLD MILK | STEAM WAND

WHY HC-J37

01
DUAL-BOILER PERFORMANCE

ES boiler 700 ml / 2700 W plus steam boiler 700 ml / 3000 W support stable extraction and milk service.

02
HOT + COLD MILK + STEAM

Milk pump with hot and cold fresh milk and foam, one steam wand, and two powder canisters support a broad beverage menu.

03
FLEXIBLE WATER SUPPLY

Barrelled water and mains water supply with automatic adjustable outlet support high-volume service.
