DELICATE MILK COFFEE AT A TOUCH

Bean-to-cup Tabletop Coffee Machine | 1 Grinder | Venturi Fresh Milk System

Venturi fresh milk system. Milk container shown separately.

Professional brewer.

COMPACT AND SLEEK DESIGN

Equipped with a 7 inch touch screen and powered by a intuitive Android OS system and menu, extraordinary compact size that takes up minimal space in the office.

PROFESSIONAL GRINDER

Built with 64mm special steel flat burrs, 9 gears of ground size, makes uniform coffee particles for perfect extraction.

AUTOMATIC RINSING

The machine has multiple options of cleaning, including full-machine cleaning, partly cleaning, milk pipe deep cleaning and timed cleaning, etc.

DETACHABLE BREWING UNIT

The brewer can be detached in a few seconds for manual cleaning, which helps clear coffee stains and residues.

BEAN DETECTION

The bean hopper has a bean sensor and notification will be sent before beans run out.

BEVERAGE CUSTOMIZATION

Advanced backend settings allow users to fully customize their drinks, offering endless customization possibilities to satisfy coffee enthusiasts' desire for exploration.

QUALITY MILK FORM

Built with a smart fresh milk frother, able to produce smooth and luscious fresh milk foam, enhancing the overall drinking experience.

DETACHABLE SPOUT

The Spout height is 80-160 mm adjustable, and the spout can be taken out for washing.
